

Motor Racing Car.

Body design.

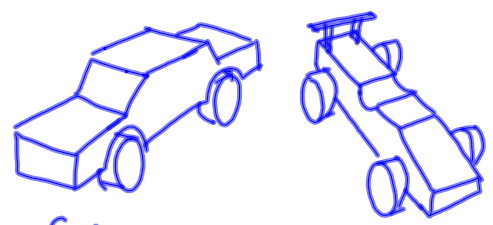

1. Choose car to base yours on.
2. Note materials - 2x A4 acrylic.
3. Work out wheel base + track

The diagram shows a top-down view of a car chassis. Red lines indicate the 'TRACK' (width between wheels) and 'BASE' (length of the chassis).

May 2-9:07 AM

4. Plan your wheel arch layout.
Open wheeler or not?

Sedan Open wheeler

This means you need to ---

May 2-9:17 AM

* Work out how to make bearings for the axles (Front).

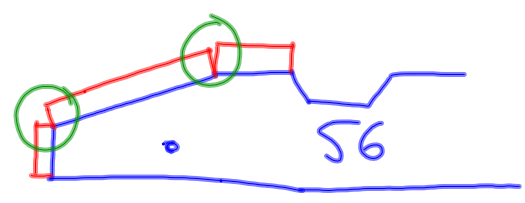

Open wheeler goes through sides

Bearing plate glued in?

May 2-9:21 AM

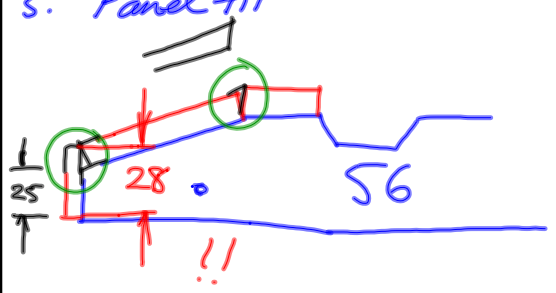

5. Panel fit

56

May 2-9:32 AM

5. Panel fit

56

28

25

!!

May 2-9:32 AM

6. Fit to other parts.
eg - Battery
- Gear box
- Switch

7. How to open it to change gears.

May 2-9:37 AM
